

Jackson Bradley from San Jose California

Hired at Xerox as Technical Support Agent

Full Time

“PJC International has pulled through three times in a row now. Previously through PJC International, I landed a position doing seasonal technical support for Intuit TurboTax. And most recently through PJC International, I found a permanent position with Xerox as a Technical Support Agent. I give PJC International a 10 out of 10. I am very satisfied with the services they provide.”
